APRIL 2016

Our mission is to ensure a Christian based, safe, hands-on, developmentally appropriate, fun learning environment that meets the needs of the whole child...physical, spiritual, emotional, social, and intellectual. This is done by providing a variety of experiences in art, children's literature, music, dramatic play, fitness, cooking, and gross motor activities. We provide an environment where children can discover for themselves, become self-directed and independent, and experience activities that will help them grow and develop.

Learning My Way

Jean Feldman

When I listen to a story or
look at books each day,
I'm learning to read in my own special way.

When I sing a song or say a rhyme,
My listening skills will develop on time.

The small muscles I use when I work a
puzzle or play with clay
Will help me to write a sentence one day.

When I jump, wiggle, and run the day long,
My muscles and body are growing strong.

When I put away my toys or pass
out snacks at school,
I'm really doing my math, too.

I will develop my scientific skills by and by.
My coloring, painting, and gluing may I
ook like a mess,

But they all encourage my creative best.
When you read to me, talk, and listen, too,
I'll learn to love books and language, it's true.

Holding me close, hugs, and quality time,
Show me that you're glad you're mine,
When you accept me for who I am
and cherish what I do,

I'll learn to love others and respect them, too.
As you give me choices and let me go.
Into an independent adult I will grow.
Every minute of every new and exciting day,
I'm learning and growing in my own special way.
