MARCH 2017

Our mission is to ensure a Christian based, safe, hands-on, developmentally appropriate, fun learning environment that meets the needs of the whole child...physical, spiritual, emotional, social, and intellectual. This is done by providing a variety of experiences in art, children's literature, music, dramatic play, fitness, cooking, and gross motor activities. We provide an environment where children can discover for themselves, become self-directed and independent, and experience activities that will help them grow and develop.

SONSHINES RAY OF LIGHT!

Galatians 5:22-23 says “But the fruit of the Spirit is love, joy, peace, forbearance, kindness, goodness, faithfulness, gentleness and self- control. Against such things there is no law.”

At SonShine, our main focus is on the social and emotional development of the child. These skills help promote a range of positive behaviors, beginning before they enter kindergarten and extending into adult life.

During these last few months, the P2 and P3 classes will be focusing on Character Traits and why they are important. The traits we will focus on are... Compassion to Others, Courage, Faithfulness, Forgiveness, Generosity, Honesty, Joyfulness, Kindness, Loving, Patience, Respect and Self Control. Each week we will nominate a few children who have demonstrated one of these traits and they will become our “Sonshine’s Ray of Light” for the week! Each child will be given a certificate of recognition along with a yard sign that reads “Sonshine’s Ray of Light” to be placed in front of your home for the week.

We look forward to reinforcing the behaviors your children have been working on this year!

Learning My Way

by Jean Feldman

When I listen to a story or look at books each day,

I'm learning to read in my own special way.

When I sing a song or say a rhyme,

My listening skills will develop on time.

The small muscles I use when I work a puzzle or play with clay

Will help me to write a sentence some day.

When I jump, wiggle, and run the day long

My muscles and body are growing strong.

When I put away my toys or pass out snacks at school,

I'm really doing my math, too.

Making bubbles in the tub or looking at the sky

Will develop my scientific skills by and by.

My coloring, painting and gluing may look like a mess,

But they all encourage my creative best.

When you read to me, talk and listen too,

I'll learn to love books and language; it's true.

Holding me close, hugs, and quality time

Show me that you're glad you're mine.

When you accept me for who I am and cherish what I do,
